

We have a new software agreement for MS Office 2007 which includes Work At Home Rights (WAHR).

Our agreement states that a regular employed staff member (not casual or TOC's) who use MS Office 2007 on a School District #6 computer have the right to run one copy of MS Office 2007 on a home PC that they own or lease for work related purposes only. This subscription allows us 214 Work At Home Rights with our current FTE staffing levels.

**STEPS TO FOLLOW:**
