

DISTRICT PRACTICE 8425

COURSE EQUIVALENCY

DISTRICT PRACTICE:

1. In order to be eligible to participate in the equivalency process, a student must be enrolled in the School District, registered with the School District for home schooling, or enrolled in a distance education program.
2. Equivalency is only available to students who can provide a credential or document which matches the prescribed learning outcomes for provincial and locally-developed courses.
3. To qualify for an equivalency review, students are responsible to provide documentation, at no cost to the School District, to prove they have successfully completed a course or program of learning. Students must complete the School District No. 6 (Rocky Mountain) Equivalency Application Form.
4. Partial equivalency may be granted for credentials that meet some of the prescribed learning outcomes of a provincially or locally developed course. The minimum credit available is one credit.
5. A student cannot receive credit for two equivalent courses.
6. Assessing and Evaluating Equivalency:

Documents submitted to support a request for an equivalency review will be referenced according to the Ministry of Education Table of Equivalencies.

If the mark for a course completed through equivalency can be reported as a percentage, that percentage will comprise the school portion of the course mark for a provincially examinable course, or the final mark for a non-examinable course.

(Note: some post-secondary institutions may not consider such non-examinable courses for admission purposes.)
